After buying the rights to the 114, Commander located its production facilities in Bethany, just down the ramp from where Rockwell had originally produced the airplanes. The new Commander company received a type certificate for the 114B in 1992 and since has produced 92 airplanes, according to Gene Criss, Commander's president.

Rockwell Commander 112 & 114 Series Fiberglass Replacement ...

Part of this is due to the high-parts-count build; theres a lot of stuff in the Commander airframe. And, while the 114s loading picture is much better, theres no free lunch: The 114 comes with a zero-fuel weight (ZFW) limit of 2852 pounds for normal-category operations, 2500 for the utility category.
